9. Adding a Youtube video on your website

There are several ways how to add a Youtube video on your website; either by using the embed function on Youtube and past into a 'Plain HTML' element, adding the URL to a 'Text & Media' element or by using the 'Responsive video' element. These features will create a video player on your website, as shown below. (9.1)

9.1

Here are more details on how to create a Youtube video in each of methods:

9.1 Using Plain HTML element
9.2 Using Responsive video element
9.3 Using Text & Media element
