Social Icons element

1.5.1

In the 'General' tab you can see the content element type 'Button' selected (1). (1.5.2)

The element uses the button text field (2), link address (3).
In additional setting you can choose 'Button Size' (4): in a drop down menu there are 3 kinds of size available Large, Small, Extra

small;

You can also set the 'Button Style' (5) - below you can see several examples of style;

And with a help of 'Block level button' (6) field you can make the button for a full width view (like on the button with Style 'Warning' below)

The screenshot shows the configuration interface for a button element in the TYPO3 backend. It features several tabs: General, Appearance, Language, Access, Categories, Notes, and Grid Elements. The 'Appearance' tab is active. The configuration is organized into sections: 'Content Element' with 'Type' set to 'Button' and 'Column' set to 'Content'; 'Button text' with an empty text input field; 'Link' with an empty URL input field and icons for link management; and 'Additional settings' which includes 'Button Size' (set to 'Default'), 'Button Style' (set to 'Default'), and 'Block level button' (an unchecked checkbox).

1.5.2

Button Style: 'Default'

Button Style 'Success'

Button Style: 'Info'

Button Style: 'Warning' as Block level button
