

## 2.4 Delete files

To delete a file, first make sure that the option "Extended view" is active, then click the trash can icon to delete the file. (Img. 2.4.1)

**Note** that it is not possible to delete files that linked/used in content elements. In these cases you will need to first unlink the files from the content elements, and then remove them from the Filelist.

2.4.1

### About TYPO3manual.com

TYPO3manual.com is an online manual for editors working with TYPO3. It is powered by the web design agency Pixelant
